

# Leather Boot Care Checklist

**A 1-page maintenance schedule to keep your boots looking their best.**

Timeframe	Action Steps
Every 30 Days	Wipe boots with a damp cloth + brush off dirt. Lightly condition if used daily.
Every 60 Days	Deep clean with leather cleaner. Condition to prevent drying.
Every 90 Days	Apply waterproofing wax or spray. Check for minor repairs (stitching, soles).
Every 365 Days	Full care: clean, deep condition, polish, waterproof, and store properly.

## Quick Product List

- Leather Cleaner
- Leather Conditioner (non-darkening)
- Waterproofing Wax or Spray
- Soft Brush & Cloth
- Boot Trees for storage

Tip: Print this checklist and pin it near your shoe rack, or keep a copy on your phone for quick access.
